

Books into Film!

Read the Book – See the Film

A Display and Reader's Shelf
In the New Books Area of Meyer Library
Fall 2006

The **Reference & Government Information Department** of Meyer Library presents a Readers' Advisory Program and Display, **Books into Film!** featuring books in the Missouri State University Libraries' collections that have been made into films. It can be fascinating to see how books translate into film.

The display and accompanying bibliography highlight selected books and audio visual resources available from your MSU Libraries, as well as give you the opportunity to discover the books that some of our great and maybe not-so-great films have been based upon.

We invite you, the reader, into the New Books Area of Meyer Library to explore, browse, and discover how books have inspired the visual creativity of film.
